Southside Elementary Schoolwide Improvement Plan

Southside Elementary School is dedicated to providing a challenging and supportive academic setting that allows all students to have the opportunity to be successful. Each year, the schoolwide improvement plan is reviewed and revised based on an analysis of academic data, survey results and stakeholder input. For the 2018-2019 school year, the following goals have been set:

- Increase by five percent ELA scores on the Georgia Milestones Assessment.
- Increase by five percent math scores on the Georgia Milestones Assessment.
- Increase the school climate score on the CCRPI report by three points.

A variety of instructional strategies and resources will be used to ensure that the needs of all students are met. A copy of the entire plan is available upon request.
